NOTES

- All fees are subject to change from time to time. The prevailing fee schedule is published on the Marina website at www.teanamarina.co.nz.
- No part of a boat (including fittings and attachments) may extend beyond the dimensions of the berth unless LPC approves otherwise in writing. Out of dimension boats are a breach of your license. Without limiting any other right or remedy LPC may have (including termination), you may be required to move to a larger berth and pay the fee for a larger berth if your boat is oversized.
- Casual berths are strictly subject to availability, confirmation and re-booking – call the Marina office. Check-out time is midday unless by prior arrangement. Late departure will be charged as another day.
- Living aboard and commercial use is by approved application only.
- Above prices are inclusive of GST.
- All fees are payable in advance on or before the 1st day of each calendar month (or on or before the commencement date of the berth license or live aboard or commercial use period (as the case may be) for the first monthly payment).
- Payment method includes credit card and EFTPOS at the Marina office.
- An additional fee of 2% will be charged to all credit card payments.
